

Community Resource Directory 2024

A Quick Reference Guide for Community Resources in Portage County

A PARTNERSHIP BETWEEN:

Better begins by listening to each other.

Better begins at Aspirus Health.

Health, healing, happiness—at Aspirus Health, we know the best healing begins by first listening carefully.

In an effort to provide the community with accurate and comprehensive information regarding available community resources, we are pleased to present this annual **Community Resource Directory**. This document is produced as a collaborative effort between United Way of Portage County, Aging & Disability Resource Center of Portage County and Portage County Health & Human Services, and the Stevens Point Buyers' Guide. The purpose of this directory is to provide a complete guide to service providers and resources in our community.

Please save this directory to use it throughout the year to help you, a family member or a friend locate a program, product or service. It is our intention to further expand and enhance the directory with each year's publication. We welcome your comments and suggestions to improve future directories.

United Way of Portage County, Aging & Disability Resource Center of Portage County, and Portage County Health & Human Services do not assume responsibility for the services, nor do we endorse advertising content in this directory. Further, this publication does not represent all businesses and organizations serving the community of Portage County. We have made every effort to make this directory useful to community members, and regret if an agency was omitted. An organization's inclusion or exclusion is not a reflection of its merit. Agencies and businesses with information to be considered for future publications should contact our office.

We would like to thank the Stevens Point Buyers' Guide and the advertisers in this directory for helping to make this publication possible.

VOLUNTEER DRIVERS NEEDED

Serve those who Served

Many area Veterans need a ride to their medical appointments at the various VA Medical Clinics and Hospitals. VA provides the vehicle, gas and other related expenses, but that is not enough.

Our Veterans Need You!

Volunteer Drivers serving in VA's Volunteer Transportation Network (VTN) can literally be a difference-maker in helping Veterans access and receive their needed medical care. You Do Not need to be a veteran to be a volunteer driver. Do you have one or more days a month that you could serve as a VA Volunteer driver?

To learn more about what's involved and how you can serve those who served through this most important volunteer activity, please call DAV coordinator for Marathon, Portage and Wood Counties; Rose Williams at 608-504-1313.

Note: The VTN was originally established by the **Disabled American Veterans (DAV)** and supported by the Department of Veterans Affairs (VA). **DAV continues to lead the way**, in partnership with local area organizations and individuals, in providing needed transportation for Veterans receiving care at VA facilities nationwide.

As a family-owned company with a 50-year history, we strive for a family atmosphere. We want you and your loved ones to take pride in where you call home. From the beautiful artwork to the crafted woodwork to the elegant courtyards, we hope as you walk through the doors for the first time, and every time thereafter, you feel a warm welcome. With state-of-the-art security and safety systems, we do our best to keep those who reside with us safe.

We are proud to offer a variety of amenities:

- Individual Private Apartments
- Wireless Internet/Cable Included
- Medication Monitoring
- Transportation & Outings
- Healthy Home-cooked Meals
- Weekly Housekeeping
- 24-Hour Care Team
- Full-Time Registered Nurse
- Beauty Salon/Barber Shop and Spa

WE NEED YOU!

We are looking for foster Parents to care for high need youth/teens, as well as for sibling sets.

High Need Youth/Teens

- The youth are generally older kids that may be involved in youth justice or have some mental health struggles
- Teens are most often high activity, high needs, but we also have adolescents with behavioral challenges who need structure, supervision, support and/or therapy.

They need someone that will be there for them...no matter what!

Sibling Sets (3 or more!)

- This allows us to keep families together, even if it's only short term
- These providers allow us valuable time to search for a way to keep the Family together long term.

For more information, please contact Danita Docka, CSW Foster Care Coordinator
